There are three basic ways to view journals ranked within a category. From the Journal Citation Reports homepage:

1. Use the Browse by Journal button to filter a list of journals by a specific category name.

2. Use the Browse by Category button to begin with a known category and click through to journals within each.

3. Begin with a known journal and navigate to the category from the journal’s profile page.
Journal Citation Reports

1. **Browse by Journal**

The default rank is by Journal Impact Factor, but you can customize indicators in the table, and sort by clicking on a column heading.

- **Select Categories**
  - Select a category from the list. Selecting multiple categories will create a combined list.

- **Add any additional filters**, like Open Access or Impact Factor Range.

- **Submit**
  - Be sure to click Submit to apply your selections.
2. **Browse by Category**

- **Go to Journal Profile**
  - Master Search
